Dear Mike,

Congratulations on your recognition for exceeding Wyoming's education accountability model. It is terrific that you have raised the bar even higher for Wyoming students and teachers.

At its core, education is the process of setting and achieving goals. Thanks to your hard work, your school surpassed our expectations and countered them with your own grand ambitions. With your guidance, Wyoming students will continue down this path of achievement and success.

Bobbi and I thank you for your commitment to your students and community. We look forward to hearing of your future success.

With warm regards,
